

ASSEMBLY BILL

No. 1452

Introduced by Assembly Member Nunez

February 22, 2005

An act to amend, repeal, and add Section 66205 of the Education Code, relating to public postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

AB 1452, as introduced, Nunez. Public postsecondary education: admissions policies.

Existing law, known as the Donahoe Higher Education Act, sets forth, among other things, the missions and functions of California's public and independent segments of higher education, and their respective institutions of higher education. Existing law establishes the University of California, under the administration of the Regents of the University of California, and the California State University, under the administration of the Trustees of the California State University, as 2 of the public segments of postsecondary education. Provisions of the Donahoe Higher Education Act apply to the University of California only to the extent that the regents act, by resolution, to make these provisions applicable. A provision of the act expresses legislative intent with respect to the determination of standards and criteria for admission to the University of California and the California State University.

This bill would add to the act a provision authorizing the University of California and the California State University, until January 1, 2015, to consider culture, race, gender, ethnicity, national origin, geographic origin, and household income, along with other relevant factors, in undergraduate and graduate admissions, so long as no preference is given, if and when the university, campus, college,

school, or program is attempting to obtain educational benefit through the recruitment of a multifactored, diverse student body. The bill would express legislative intent that the authority granted by the bill be implemented to the extent permitted by relevant case law and in conformity with a relevant provision of the California Constitution.

The bill would require the trustees, and request the regents, to report, in writing, to the Legislature and the Governor by November 1, 2007, on the implementation of the provisions of the bill. The bill would require the report to include information relative to the number of students admitted, disaggregated by race, gender, ethnicity, national origin, geographic origin, and household income, and compared to the prior 2 years of admissions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 66205 of the Education Code is
2 amended to read:

3 66205. (a) In determining the standards and criteria for

10 students to enroll who are otherwise fully eligible and admissible
11 but who have course deficiencies due to circumstances beyond
12 their control, and, when appropriate, provide that the admission
13 requires the student to make up the deficiency.

14 (3) Consult broadly with California's diverse ethnic and
15 cultural communities.

16 (b) It is the intent of the Legislature that the University of
